HOW TO BOOK?

A 50% deposit to hold the date is required, with the balance due 14 days before the tour date.

You can pay via either with any major credit card +3.5% or PayPal+ fee.
We ask a final headcount 2 weeks before the tour, when the remaining balance is due.

After that point, you may add guests, but we wouldn't make price adjustments for less guests.

The tours begin at the Puerto Aventura's Marina just south of Playa del Carmen in the Mayan Riviera. Our tour goes to the reef INAH that is 35 minutes from the marina in Puerto Aventura's which is excellent for snorkelling in tours up to 4 hours.

WHAT INCLUDE THE YACHT TOUR?

Unlimited open bar (daiquiris, piña coladas, margaritas, beer, mixed cocktails, shots, juices, soda and water) A full meal for all (a delicious, seasoned and fire grilled chicken, tortillas, tortilla chips, freshly made

guacamole, beans, rice, fresh cut salsa and additional sauces) *Instead of chicken do you have other options?*

Fish tacos or Fish ceviche.

Snorkeling and equipment, paddle board, high-dive from the top level of the boat, karaoke (we have 18,000+ songs and HD TVs inside and outside to sing from), You can have your own music plugged into the system if you'd like as well (our boat supports any device with an auxiliary/headphone jack)

WHAT HAPPENS IF I WANT TO CHANGE THE DEPARTURE DATE?

Cancellations made 14 days before departure will also be offered the option to simply keep the rate and change the date, if they so wish. Cancellations made after 14 days before departure will not be eligible and will still be charged for their original charter.

Please note: if and when re-booking your charter date we will not be held responsible for any unavailable dates.

IN THE EVENT OF UNSAFE MECHANICAL OR WEATHER CONDITIONS:

Each day the harbor patrol decides depending on the weather whether or not the Port will be open for navigation. In case if the port is open all our tours will go out, rain or shine. However if the Port will be closed due to a storm or very strong wind we will contact you. In that case we would have 3 options: to re-schedule, to keep your payment as an open credit for the future (no expiration date), or we will start the process for a refund. The Caribbean weather is always changing, and in our experience it rarely rains for a full day, mostly it's just a shower and it clears up again shortly after.

If we cancel or change your dates due to weather conditions, mechanical failure, or other reasons beyond our control, we will re-book you at our earliest convenience. We will not, however, be responsible for reimbursing travel, accommodation, or other incidental expenses or consequential issues incurred by you.

WHAT HAPPENS IF I NEED TO CANCEL?

Cancellations must be done 14 days before departure date. *100%, no-fuss inclement weather refund policy. If the conditions are unsuitable or unsafe for a day at sea we offer a full refund, no questions asked.

Cancellations due to personal inconvenience will be refunded if you give us a minimum of 14 days' notice. Any cancellations made after this holding period, unfortunately, are non-refundable.

Our tours are generally booked for two months, five months, or even a year in advance. With such short notice, we will have an almost impossible task of filling the time slot we've been holding for you.

REFUNDS:

You will not be entitled to a refund simply because the weather conditions are not "perfect and sunny". We cannot be held responsible for trips cut short due to seasickness and no refund will be issued.

Partial refunds are not valid when charters are asked to be cut short by you and/or any of your invited guests. For example, if you arrive late the return time will remain the same regardless, and you will still be charged in full.

If the vessel is not in the condition you expected, before heading out you are entitled to refuse our services. Once having proceeded with your charter, you are no longer able to cancel and any form of refund policy will be invalid.

Refunds are only ever permitted when canceling your reservation due to a closed port announced by the Port Captain himself.
